### **ICN SA celebrates 30 years in 2016**

ICN SA was established 30 years ago and is funded by the South Australian Government through the Department of State Development to provide specialist supply chain services. The office is staffed by professionals with industry experience in engineering, logistics and procurement. ICN's technical consultants have a comprehensive knowledge of national industrial capability across all tiers of manufacturing.

We would like to welcome two new team members to the team, Gavin Asikas, Principal Industry Development Officer who will be focusing on the mineral and energy resources sector and Kate Harvey, Project Officer who will be at the end of the 1300 961 139 number helping with all your ICN SA enquiries.

#### **Austmine - Iluka Resources: Adelaide Smart Mining Networking Series**

Hear Gavin Swart, General Manager Major Projects and Engineering, Iluka Resources at Austmine's Adelaide Networking Event on 3 March 2016. Gavin will provide an overview of Iluka's operations globally. Iluka Resources is involved in mineral sands exploration, project development, operations, marketing and rehabilitation. Further details can be found [here](#).

#### **Northern Connector**

Adelaide's Northern Connector is currently in the tender phase with both Leighton/York:Downer consortium and Lendlease being shortlisted. On 2 February 2016 Leighton/York:Downer held an industry briefing and presentations are available [here](#).

#### **Gateway to Darlington**

The \$620 million Darlington Upgrade is the next step in the North-South Corridor project and involves the upgrade of a 2.3km section of Main South Road. This project aims to provide non-stop access between the Southern Expressway and Ayliffes Rd/Shepherds Hill Rd intersection. An industry briefing event is planned in the coming months. To be informed, submit your EOI to 'Any opportunities' on the [ICN Gateway](#) project portal.

#### **Opportunities surfacing with submarines**

The SEA 1000 Future Submarines project is generating a lot of interest and potential work for local industry suppliers. One of the three shortlisted tenderers in the Competitive Evaluation Process, DCNS, is holding an innovation seminar in Adelaide on 22 March 2016. Register [here](#). Suppliers can still register an Expression of Interest in the other shortlisted tenderers, [ThyssenKrupp Marine Systems](#) and [Japanese government and Industry](#).

one of our upcoming two hour workshops at [Polaris Innovation House](#) and [Stretton Centre](#).

### **BOOST your business**

Get connected with [ICN Gateway](#). It's probably the easiest, most cost-effective networking tool you can use. Features of a Premium package include 1st priority public listing, premium webpage, work package finder, 'closing soon' alerts and much more. Further details can be found [here](#).

### **PACE - Grow your business in the minerals and energy sector**

Are you in the mineral and energy supply chain? Would you like to identify and pursue new opportunities in this sector? Then the PACE Supply Chain program is for you. Further details are available [here](#).
